

2021 SPECIAL SESSION OF THE CALIFORNIA ASSOCIATION OF NEUROLOGICAL SURGEONS

SUNDAY, JANUARY 17, 2021 | 1200 - 1735

[HELD VIRTUALLY VIA ZOOM]

GENERAL			(10 min)
1200 - 1205	Welcome	Mark Linskey, MD	
1205 – 1210	Bylaws Committee Chair Report	Javed Siddiqi, MD	
1210 – 1310	COVID-19 CA NEUROSURGERY PRACTICE IMPACT ROUND		(60 Min)
	TABLE DISCUSSION		
	Moderator:	Mark Linskey, MD	
	Panelists:		
	Kaiser	Farbod Asgarzadie, MD	
	Private Practice	Brian Gantwerker, MD	
	Private Practice	Phillip Kissel, MD	
	Academic Practice	Esther Kim, MD	
	Trauma Neurosurgery	Odette Harris, MD	
	Spine Neurosurgery	Praveen Mummaneni, MD	
	Cranial Neurosurgery	Javed Siddiqi, MD	
1310 1320	BREAK		(10 min)
1320 – 1435	CA/FEDERAL LEGISLATIVE/POLICY UPDATE & FUTURE		(75 min)
	Introduction:	Kenneth Blumenfeld, MD	2 min
	Janus Norman	CA Medical Association	73 mins
	Katie Oricco, Esq	Neurosurgery Washington Office	
1435 – 1445	BREAK		(10 min)
1445 – 1645	CA TRAINING PROGRAMS RESIDENT PRESENTATIONS		(120 min)
	Moderator: Praveen Mummaneni, MD		
1445 - 1455	Cedars-Sinai, Los Angeles		
	Robin Babadjouni, MD - <i>Evaluating the effect of EDAS on stroke recurrence in patients with ICAD and BDZ stroke at presentation</i>		
1455 - 1505	Desert Regional Medical Center, Palm Springs		
	Stephen Albano, DO – <i>Case series in differentiating grade II astrocytoma versus grade III astrocytoma based on MR imaging</i>		
1505 – 1515	Loma Linda University		
	Taylor Wilson, MD, MS – <i>Expedited recovery after surgery (ERAS): A multidisciplinary approach to reducing post-operative pain and length of stay after spine surgery in neurosurgery</i>		
1515 – 1525	Riverside University Health System		
	Janes Berry, DO – <i>The predictive value of a resident’s credit score on residency academic and professional performance</i>		
1525 – 1535	Stanford University		
	Parastou Fatemi, MD – <i>Does double-blind peer review impact gender authorship trends? An evaluation of two leading neurosurgical journals from 2010 to 2019</i>		
1535 – 1545	University of California, Davis		
	Catherine Peterson, MD – <i>Supraorbital keyhole craniotomy via eyebrow incision: A systematic review and meta-analysis</i>		
1545 – 1555	University of California, Irvine		
	Jordan Xu, MD – <i>The shifting epidemiology of stroke</i>		
1555 – 1605	University of California, Los Angeles		
	Bayard Wilson, MD – <i>Studying brain reorganization following transcutaneous cervical spinal cord stimulation in patients with chronic spinal cord injury</i>		

	1605 – 1615	University of California, San Diego Daniel Cleary, MD – <i>The financial costs of building and running a spine surgery simulator for resident training</i>	
	1615 – 1625	University of California, San Francisco Ethan Winkler, MD, PhD – <i>Endoluminal biopsy for molecular classification of human arteriovenous malformations</i>	
	1625 – 1635	University of Southern California Justin Lee, MD, PhD – <i>Theta frequency bilateral subthalamic nucleus stimulation improves episodic category verbal fluency in patients with Parkinson's disease</i>	
	1635 – 1645	Questions and Answers/Awards	
1645 – 1655	BREAK		(10 min)
1655 – 1715	CANS AWARD(S)		(20 min)
		CANS Lifetime Exceptional Service Award	
		Moderator: John Ratliff, MD	
		Presenter: Don Prolo, MD	15 mins
		Recipient: Philipp M Lippe, MD (posthumously)	
		Accepting: Mrs Gail Lippe	5 mins
1715 – 1730	RAPID FIRE SESSION (2 min each)		(15 min)
	1715 – 1717	Introduction - Moderator: Ciara Harraher, MD	
	1717 – 1719	Michael Zhang, MD (Stanford) – <i>Impact on neurosurgical management in Level 1 trauma centers during COVID-19 shelter-in-place restrictions: the Santa Clara County experience</i>	
	1719 – 1721	Catherine Peterson, MD (UC Davis) – <i>Recurrent and residual aneurysms after woven endobridge therapy: What's next?</i>	
	1721 – 1723	Andrew Chan, MD (UC San Francisco) – <i>Does reduction of the Meyerding grade correlate with outcomes in patients undergoing decompression and fusion for grade 1 degenerative lumbar spondylosis</i>	
	1723 – 1730	Questions and Answers	
1730 - 1735	ADJOURN	Mark Linskey, MD
